BLACKJACK POWERLINE & TREE SERVICE INC.

Blackjack Powerline & Tree Service Inc. started as a Sole Proprietor business in 2015 for Powerline Project Managing on various transmission projects throughout Canada. Owner, Andrew Himmelman contracted out as Himmelman Utility Consulting (HUC) and was the sole employee of the business. In 2018, Andrew started contracting out for “storm work,” doing powerline restoration throughout eastern Canada and the United States.

For the past several years, we have grown to not only continue to storm chase, but in our off-time, we take on local tree trimming projects, powerline construction projects, and have expanded into right of way clearing for new powerline extensions.

WE PLACE PRIORITY ON JOBSITE SAFETY AND QUALITY.
